After selling over 10,000 songs in the last couple of months, B-Real says he can finally claim that aftershock but he still has not gone fully through all of them. The music of B-Real is like the whole album of your psyche, he added. All or any of these songs could be the trigger that lights you up to a level you didnt know you had. I literally get emails every day from fans that this song saved their life. Mixing music has changed a lot since the DJ started. It used to be all about scratching and beat matching. Stereo, and now it is about beat matching and mixing. Mixing music will never be the same again, this DJ software includes new features like muting a single track, changing volume level or mute a track by toggling the built-in faders on your audio mixing board. In the past, DJs relied on vinyl or cd to mix music. Now, the music itself can be stored on the hard drive and saved on the computer. DJs now no longer need to keep a CD library. Now they can select songs from their computer and mix them. DJ Mix Station lets you do just that. You can also easily download albums of different genres and use it as your DJ library. Then you dont have to keep a pile of CD's. Another enhancement in DJ Mix Station is where you can change the style of the DJ station by downloading different skins. The skins change the layout overall look and feel. Some skins can bring few panels while others offer more options that make mixing more complex, but interesting. The overall mixing experience can be enhanced if you try to experiment with different skins and find one you like. 1. Music management: Your music library can be managed easily with the help of multi-track recorder, and song comparator, all of these will enable you to manage and organize your music collection. 2. Mixing for DJ: With the help of visual and audio notations, DJ Mix Station lets you mix your music with ease. All this can be done without even leaving the software. 3. Online DJ Mixing: You can now watch online DJ lessons on the DJ Mix Station. With the help of tutorials and DJ tips on the website, you will learn how to use the DJ Mix Station software.
