A: A lot of users are reporting that 8GadgetPack is not working properly on Windows 10. Try using 8GadgetPack from a Windows 8 or 8.1 PC instead. Q: Why is VB.NET not reading my text file (only works in C#) I have a text file containing 4 text lines in it. I'm trying to read them into a list object, but only the first line is reading in. I'm guessing that's because of the | characters. This is the code (converted from C#):
using System.IO; using System.Collections.Generic; using System.IO.Compression; namespace Test { class Program { static void Main(string[] args) { StreamReader sr = new StreamReader(@"C:\Users\ben\Desktop\Books.txt"); List list = new List(); while (!sr.EndOfStream) { list.Add(
